

Lo-Runner Series Super-B Flat Deck Trailer

This package offers the lowest possible deck height to accommodate the bulkiest loads where overall height is of primary concern. Typically the lead trailer, with a drop similar to a drop deck trailer, is longer than the pull to maximize the total lower deck floor space. Large volume, bulky loads belong on this steel Lode King trailer.

Body Structure

LENGTH	Lead 32', Pull 28'
WIDTH	102"
KING PIN	Lead 36", Pull 15"
LANDING GEAR	Holland Mark V with 10" x 11.5" skid foot
